Thanks so much- I'll get on to reading these asap. Love the title: Slow Govt Growth... that's got to be the silver lining in the increased budget message.

Governor – attached are talking points that Mike and I have been working on today along with two new charts for tomorrow. Beth, the charts are ready to go! There is also the 2-page fiscal summary – it will be one of the handouts that I will go over but too much for a chart! Let us know if you would like to walk through this information tomorrow. I'll be here early afternoon until I get on the plane! Karen

Governor,

The charts are pretty much done but I need an additional hour to plug in some specific numbers associated with our initiatives in the talking points. I hope it OK to get you something in just a little bit. Is there good way to send you the charts (PDF or fax)?

Mike
